

Work Experience

Junior React Native Developer Frontend Developer	3E-TECH Beirut, Lebanon	JAN 2025–Present
<ul style="list-style-type: none">Applied advanced optimization techniques (lazy loading, code splitting, useMemo/useCallback) that resulted in 35% faster navigation transitions.Leveraged Redux Toolkit and custom hooks to streamline state logic and enhance app performance.Integrated third-party APIs for real-time appointment scheduling and telehealth features, increasing user engagement by over 50%.Built a secure mobile app named Doctor App using React Native CLI, implementing end-to-end encryption for patient-doctor communication, ensuring full data confidentiality.Developed an Electron-based Hotel Management System with multi-platform compatibility, enhancing operational efficiency for hospitality clients by 40%.		
Junior React Developer Frontend Developer	KeyInHands Baalback, Lebanon	Apr 2024–DEC 2024
<ul style="list-style-type: none">Built a comprehensive dashboard for a University Management System (UMS) using React class components, Redux-Saga, and MySQL procedures.Worked with Material UI (MUI) and React Bootstrap to create responsive and modern templates.Optimized batch processing by implementing a queuing system using AWS SQS, resulting in a 40% increase in throughput.		
React Native Internship Full Stack Developer	KeyInHands Baalback, Lebanon	March 2024–Apr 2024
<ul style="list-style-type: none">Developed an agenda application using React Native for the frontend, Node.js, and MySQL proceduresCollaborated in designing and building the application's database structure.Implemented memoization techniques to improve the application's performance.		

Technologies and Languages

- Languages: Java/JavaScript, TypeScript, C/C++, python
- Technologies: MySQL, Postgres, AWS, Git, React JS, Next JS, Laravel, Redux, Redux-saga, Agile
- Other: Data structures and algorithms, GIT/GitHub, Docker, Postman, Jira, RESFUL api, JSON, XML

Education and Certifications

- M.Sc. Computer Science**, Lebanese University. **2024–present**
- B.Sc. Computer Science**, Lebanese University **2020–2023**

Projects and Volunteer Work

- Adhan App** implemented performance memoization and integrated push/local notifications using Firebase Cloud Messaging.
- [Portfolio](#) integrating React JS skills with my projects and courses.
